### ICC Updates

<http://www.iccproject.com/>

### Safety and Resurfacing Projects

**MD 193(University Boulevard) between Farragut Avenue and MD 586 (Veirs Mill Road)** – The \$2.7 million project includes grinding and patching along both directions of MD 193, as well as cleaning , repair and replacement of existing inlets, pipes and concrete median, as well as curbs and gutters. Safety improvements include upgrading sidewalks to Americans with Disabilities Act (ADA) compliancy, adding new pavement markings, and upgrading signals.

The project is nearly complete. Crews anticipate completion of the resurfacing by the end of August

**Began summer 2009- Estimated Completion Date: summer 2010**

**Montgomery County Area wide resurfacing projects** - SHA is resurfacing various sections of roadways throughout Montgomery County. Roadways affected by the resurfacing project include:

- MD 97 (Georgia Avenue) between 16<sup>th</sup> St & I-495
- MD 191 (Bradley Boulevard) between Burdette Rd & Arlington Rd
- US 29 (Colesville Road) at MD 650
- MD 186 ( Brookeville Road) between Western Av & MD 410
- MD 198 between Peach Orchard Rd & MD 650 (**coordinate with project at MD 198 & Good Hope Rd**)
- MD 28 (Norbeck Road) at Mid-Atlantic Golf Center
- MD 28 (Norbeck Road) between Baltimore Rd & MD 97
- MD 355 (Rockville Pike) between Templeton Place & MD 911 (First Street)

- MD 355 (N. Frederick Rd) between MD 124 (Montgomery Village Avenue) & Travis Avenue
- MD 547 (Strathmore Avenue) between MD 355 & Flanders Avenue
- MD 547 (Strathmore Avenue) between Weymouth Street & MD 185 (Connecticut Avenue)

**Start Date:** Began summer 2009,  
**Estimated Completion Date:** summer 2010, weather permitting.

**MD 187 (Old Georgetown Road) between North Brook Lane and Center Drive –**

**Began fall 2009 – Completed:** summer 2010.

**MD 650 between MD 410 and Holton Lane –**

**Began fall 2009 –Completed:** summer 2010.

## Bridge Deck Replacements

## Bridge Maintenance

**Six bridges in Montgomery County will be repainted** - SHA is cleaning and painting the following bridges:

- I-495 (Capital Beltway) over Kensington Parkway in Kensington;
- MD 185 (Connecticut Avenue) over Rock Creek in Kensington;
- MD 410 (East-West Highway) over Rock Creek in Chevy Chase;
- I-495 (Capital Beltway) over Seven Locks Road in Potomac;

- Southbound I-270 ramp to I-495 (Capital Beltway) inner loop in Bethesda; and
- Southbound I-270 ramp to southbound MD 355 (Wisconsin Avenue) in Bethesda

Crews will repaint the steel beams and bridge structures, and install new drainage troughs. The work will prevent corrosion on the main support structures and help to prolong the life of the bridges.

During construction, motorists can expect daytime single lane closures Monday through Friday between 9 a.m. and 3 p.m. Additional lane closures can also be expected: **MD 185 and MD 410 bridges:** Single lane closures overnight Sunday through Friday between 8 p.m. and 5 a.m. **I-270 and I-495 bridges:** Single lane closures overnight Sunday through Friday between 8 p.m. and 5 a.m., and possible double lane closures overnight Monday through Friday between 10 p.m. and 4 a.m.

**Seven Locks Road and Kensington Parkway:** Full-time flagging operations in effect Monday through Friday between 9 a.m. and 3 p.m., and overnight Sunday through Thursday between 8 p.m. and 5 a.m.

The \$1.6 million project should be complete fall 2010. – **Began fall 2009 – Estimated Completion Date:** fall 2010, weather permitting.

## Road Widening

**MD 124 Phase 2 from Airpark Road to Rosewood Manor Lane –** Work continues along MD 124. There have been many traffic shifts as crews continue to widen MD 124. Work is far from complete and drivers will find safety markings, cones, flaggers, and other traffic control devices along MD

124. Please use caution through the area. Crews were able to complete intersection improvements at MD 124 and Airpark Road, Fieldcrest Road, Rickenbacker Road, and Brenish Drive North/South. - **Estimated Completion Date: summer 2010, weather permitting.** <http://www.marylandroads.com/WebProjectLifeCycle/ProjectInformation.asp?projectno=MO6325115>

**MD 198 (Spencerville Road) at Good Hope Road** – Weather delayed progress on the road improvements, pushing the completion date to summer. Crews have installed the concrete island/median at the intersection of MD 198 and Good Hope Road. The remaining work includes resurfacing the roadway within the project limits as well as new pavement markings.

The \$600,000 project includes widening and resurfacing the existing roadway, reconstruction of both shoulders, and construction of a concrete median to improve safety along the two-lane road. Daytime lane closures will occur Monday through Friday 9 a.m. until 3 p.m., and overnights Sunday through Thursday 9 p.m. until 5 a.m. **Beginning late-summer2009 – Estimated Completion Date: summer 2010.**

## **Interchange Improvements/Interchange Construction**

**MD 355 (Rockville Pike) between Old Georgetown Road and Maple/Chapman Avenue (Phase 4)** – The interchange project is nearly complete. Traffic has been switched to the final configuration. Crews are in the

process of building the new park & ride lot at the end of Montrose Road.

All that is left is the completion of the park & ride lot, resurfacing sections of roadway throughout the project limits, installing new pavement markings, and landscaping.

The completed project will maintain three north and southbound lanes on MD 355. -**Estimated Completion Date: fall 2010, weather permitting.**

<http://marylandroads.com/WebProjectLifeCycle/ProjectInformation.asp?projectno=MO8305115>

## **Intersection Improvements**

**MD 28 @ MD 586/MD911** –

**Completed: summer 2010.**

**MD 28 (Norbeck Road) at Radwick Lane and Barn Ridge Drive** –

**Completed : summer 2010**

## **Sidewalk Improvements**

## **Traffic Signal Upgrades/Reconstruction**

**US 29 (Georgia Avenue) between Wayne Avenue and MD 410 (East West Highway)** – A \$1 million, six traffic signal upgrade project began late winter 2009 in downtown Silver Spring. SHA will upgrade the existing signals to include accessible/countdown pedestrian signals (APS/CPS). Other work includes upgrading existing sidewalk ramps to Americans with Disabilities Act (ADA) standards, painting the signal poles and upgrading lighting to provide improved

visibility of pedestrian crosswalks. SHA is enhancing the following intersections along US 29:

- MD 410/Burlington Avenue/13<sup>th</sup> Street
- Sligo Avenue
- Silver Spring Avenue
- Thayer Avenue
- Bonifant Avenue, and
- Wayne Avenue.

Drivers will encounter daytime, single lane closures Monday through Friday during off peak hours. Safe pedestrian access will be maintained throughout construction.

**Beginning late winter 2009 – Estimated Completion Date: summer 2011.**

## Utility Relocation

**MD 97 (Georgia Avenue) at Randolph Road** – SHA began a \$3 million utility relocation project fall 2009. This utility project is in advance of a large interchange improvement project at MD 97 and Randolph Road; anticipated to begin summer 2013.

Work for this phase involves utilities relocation around and through the neighborhoods bordering Randolph Road and MD 97. Project work includes:

- Relocation of water and sewer lines (Washington Suburban Sanitary Commission);
- Electric lines (Potomac Electric Power Company);
- Telephone, fiber optic lines, and utility poles (Verizon);
- Gas lines (Washington Gas);
- Roadway patching;
- Temporary and permanent signing and pavement markings;

- Installation of detectable warning surfaces on Americans with Disabilities Act (ADA) ramps;
- Cleaning and installation of inlets, pipe culverts, and manholes; and
- Tree trimming or removal.

During construction, motorists can expect single lane closures along MD 97 and Randolph Road Monday through Friday between 9 a.m. and 3 p.m. Additional lane closures can also be expected:

- **Northbound MD 97 between Lindell Street and just north of Judson Road**
- Double lane closures overnight Sunday through Friday between midnight and 7 a.m., and overnight Friday through Sunday morning between 1 a.m. and 8 a.m.
- **Southbound MD 97 between just north of Judson Road and Lindell Street**
- Double lane closures overnight Sunday through Friday between 11 p.m. and 5 a.m., and overnight Friday through Sunday morning between midnight and 7 a.m.
- **Eastbound Randolph Road between just west of Judson Road and Glenallan Avenue**
- Double lane closures overnight Sunday through Friday between 11 p.m. and 7 a.m., and overnight Friday through Sunday morning between 11 p.m. and 9 a.m.
- **Westbound Randolph Road between Glenallan Avenue and just west of Judson Road**
- Double lane closures overnight Sunday through Friday between 9 p.m. and 6 a.m., and overnight Friday through Sunday morning between 11 p.m. and 8 a.m.

Crews have up to two years to complete the utility relocation.

Beginning fall 2009 – Estimated  
Completion Date: summer 2010
